

The WSO organizing committee discerned Green Sugar the Best Stevia Taste Award for the year 2022

The WSO jury and panel of experts were composed of tea & coffee tasters, oenologists, gastronomic experts, cooks, food & beverage experts. They made the decision after an exhaustive overall assessment and sensory analysis: general taste of the product, first impression taste, after-taste, odor, appearance, and other organoleptic criteria. One of the excellent characteristics of Green Sugar Premium is the absence of after-taste tonality.
