

**Dr. Maria Margarida Ribeiro**, from the Polytechnic Institute of Castelo Branco, Portugal, will be giving a talk about "**What can Molecular and Biochemical Markers Tell Us About a Genotypes' Collection?**" in the **10th World Convention on Stevia 2022**

.

During the session, Dr. Ribeiro will explain how to appropriately genotype ***S. rebaudiana*** accessions grown in the same plot using microsatellite markers, including two steviol glycosides biosynthesis functionally involved markers. The results of fingerprinting and possible perspectives concerning these results will be discussed.

**Stevia Tasteful 2022**  
**June 2-3, 2022 - Lisbon and Online**
